

REDISCOVERING THE ANTONINE WALL

COME AND TRY & HAVE YOUR SAY

BO'NESS RECREATION CENTRE,
GAUZE ROAD, BO'NESS,
MONDAY 5TH FEBRUARY 2018
DROP IN FROM 2PM - 8PM

The biggest, most awe-inspiring building project the people of Scotland had ever seen, the Roman Antonine Wall stretched right across the country, from the Clyde to the Forth.

The Antonine Wall has received a first round pass from the Heritage Lottery Fund to deliver a range of exciting projects with communities all along the Wall. We need your views and your help to develop these projects – and to make sure that they represent what you would like to see, do and learn about!

Come along to one of our drop in sessions to hear more about what we've been up to and have a play with some of our latest resources - then share your thoughts and ideas to help us to plan the next phase of projects!

COME AND TRY

Come along anytime on the day and try a number of new and fun activities designed to share the fascinating history and significance of the Antonine Wall. These include:

- Roman dress up & board games
- See a collection of replica Roman artefacts
- Create your own Roman helmets and swords

HAVE YOUR SAY

Projects we need your thoughts, views and help on include:

- Designing an Antonine Wall inspired Play Park
- Designing the setting for a replica distance slab
- Planning creative multi-media projects related to sites along the Wall that talk specifically about your experience of the sites, the wider landscape and the communities along the Wall
- Developing and leading community initiatives: this could be anything from exhibitions or local research projects, to community gardens with a Roman twist, art activities or drama performances based on the Antonine Wall – we're open to discussing all ideas
- Joining the '21st Century Legion' - a volunteer legion that will help raise awareness of the Wall and assist in developing and delivering activities, amongst many other things -no previous experience necessary as training will be provided
